

**EKOenergy's Secretariat
confirms that**

Favini S.r.l.

**used 263 023 kWh of
EKOenergy-labelled hydropower
in Italy in 2024.**

Steven Vanholme
Programme Manager

EKOenergy is a globally available, nonprofit ecolabel for electricity, gas, and heat. Energy with the EKOenergy ecolabel is 100% renewable, fulfils additional sustainability criteria and raises funds for new renewable energy projects.
